ISSUE #1

Welcome Home!

What a summer! With 2 full Junior Musical productions, 6 Dance Intensives, Daily Conditioning, 7 Dance Camps, and lots of private lessons... a Trip to New York with so much fun and so many experiences... We have filled the summer with inspiration for the new year!

Whether you are here to dance every day of the week or just dabbling in one hour a week- we are now family.

We do not take the weight of your trust in us as your child's dance educators lightly.

Dance is sought by families for different reasons- fun, competitive, performance, friendships, or activity. But, whatever your purpose - we are here to promise love, consistency, discipline, and fun.

We promise to create an atmosphere that will challenge your child in a growth mindset, but also support them and their confidence.

Being young and challenged can be a difficult experience for some, so if your child ever finds themselves hesitating to join class or wanting to shift gears- please keep an open communication with us so we can help you navigate options shifts, changes in styles or schedules to best meet your child where they are at.

We are grateful to be a part of your child's journey and thank you for trusting us with your precious child's time, talent, and passions!
